Tools for focusing: Data overview template

Use this table to reflect on what you have uncovered during the scanning and focusing phases of your inquiry.

What emerged during the scanning process?	Data sources Do you have rich and multiple sources of evidence?	Do you need further evidence? Are the data concealing something? Are the data consistent and comparable with other data?	Does the data reveal emerging patterns, categories, trends? Are some issues recurring, year after year, or pervasive across multiple classes or groups?
What's working well? What are the strengths that your students show?	Data sources Do you have rich and multiple sources of evidence?	Do you need further evidence? Are the data concealing something? Are the data consistent and comparable with other data?	Does the data reveal emerging patterns, categories, trends? Are there findings recurring, year after year, or pervasive across multiple classes or groups?
What's not working well?	Data sources Do you have rich and multiple sources of evidence?	Do you need further evidence? Are the data concealing something? Are the data consistent and comparable with other data?	Does the data reveal emerging patterns, categories, trends? Are some issues recurring, year after year, or pervasive across multiple classes or groups?
